## Port-a-bar Pricing by WilliB's Saloon

We have taken the time to compile for you the very best spirits and brands at the very best price available. The Quality and Value we offer hopefully shows you that **we care**.

**How it is done:** Clients choose between **Hosted** (where the entire bill is picked up), **No-Host** (where the guests pay by the drink) or **Combination** (client pays for part: table wine and/or a select amount of case/keg beer and/or select amount of spirits) and Guests pay for other quality offerings that we will supply. Deposit of Set-up Fee and 50% of *loosely estimated* total fee (unless consumption is capped the final cost cannot be accurately defined) reserves your date and takes that calendar date off of the market (ensures and guarantees our beverage catering service for your event). The minimum deposit of \$500.00 is Non-Refundable with balance of consumed beverages to be paid at culmination of event. Catering Permits must be applied for 2 weeks in advance; please allow the time necessary to ensure a successful Event.

**Refundable Set-up Fee:** While we do have a set-up fee of \$200 that includes \$3M liability insurance, catering license, set-up and clean-up, **this fee can be refunded** to you if certain conditions are established and accomplished. (In other words, once our costs are covered you needn't be jabbed for any more money than is necessary for your event).

**Staff costs:** Dependant on the type of event and service desired, serving staff may be a single bartender without an assistant in "step-to-the-bar" parties or be 2 or more bartenders with multiple service staff to serve larger parties at the tables directly. For each staff member the charge is \$25 per hour with a 4 hour minimum. **Note:** Staff is dressed in traditional black and white with ties; color/uniform changes to match special themes will incur rental costs.

**Glassware:** Normally, disposable containers will gladly be provided for beverage use; however, some events require the use of quality glassware which is available for your rental. Since wine glassware is normally always preferred, our standard wine packages have the cost of glassware built-in (we will provide 4 wine glasses per bottle ordered). A glass or two may accidentally get broken at your event; your caterer will bear the cost of replacement. If glassware is broken willfully or through the rare act of violence by a Guest the Client agrees to bear the cost of replacement.

**Please Note, Spirits:** While the packages listed below can be used to keep a very complicated event as simple and worry-free as possible, be assured that all packages are subject to custom design. To eliminate decision-making for **No-host service**, our suggestion is to allow us to bring 2 selections from each category from the package of your choice. For **Hosted service**, our suggestion is to let us bring ONE selection from each category from the package of your choice (eliminates opened bottle with one or two drinks dispensed that the client now has to pay for). Favored brands can be substituted or added either at each level of pricing or inserted into another level retaining the original price of the requested brand; feel free to mix and match to totally customize your beverage offerings. We free-pour 1.25 oz.

## You choose:

Please give consideration to specialty drinks such as martinis, Margaritas, White Russians and any cordial or "after dinner" drinks (such as cognacs) you would like available. We will offer a Drink Menu at your request.

## **Beer**

No-Host Bottles: \$3 domestic, \$4 micro, imports (Alcohol-free beer needs to be requested)

Hosted Bottles: \$60cs domestic, \$80cs micro, imports

Keg beer: \$190.00 domestic, \$225 to \$250 micro, imports

## Wine

Since the multitude of nuances is what makes wine so extraordinary, we present this small list of choices merely as a pricing gauge for those who would like medium, middle-of-the-road flavor with which to supply their guests. Many clients already have their favorites with which we would submit pricing tenders. In the instance bottled wine is to be supplied by the Client, we will cork, pour and supply glassware for \$8 per bottle.

Ask us for regional wine selections! Northwest, California, Italian, French...please let us know!

Salmon Creek is listed most often as I consider it a \*jewel brand (\*the REAL jewel discoveries are incredible wines under \$15.00).

	Bottle	Case
<b>Chardonnay</b>		
Salmon Creek	\$13.00	\$143.00
